

## Surgery opening times

**GAVIN LAKE:** Monday, Wednesday, Thursday 8.30am – 4.15pm.  
Tuesday 8.30am – 3.00pm Friday 8.30am – 12.00pm.

**ANNE CAPON:** Monday, Thursday 8.15am – 3.45pm.  
Tuesday 11.30am – 7.00pm

**SUNITA JASSAL:** Wednesday, Friday 8.30am – 4.15pm.

Emergency cover is available for regular patients  
on 01332 701143

## Payment for Treatment

Payment is due at the commencement of treatment, but if necessary, can be made in the form of a deposit and subsequent instalments.

You may choose to pay by cash, cheque with bankers card, Mastercard or Switch.

Denplan offers the facility of paying monthly by Direct Debit.

If you have to cancel an appointment we require, whenever possible, 24 hours notice. This enables us to make alternative arrangements, perhaps to see someone in pain. If an appointment is broken or cancelled without 24 hours notice a charge will be made for the lost surgery time.

*Unfortunately our premises are not suitable for patients with certain types of disability as our toilet facilities are not equipped to accommodate patients who are disabled.*

*The greatest compliment our patients can pay is to recommend us to their family and friends.*

## How to find us...

Parking available on the practice forecourt.

Arriva operate a regular bus service from Derby City Centre.

*Welcome*

*A guide to what we do...*

# A very warm welcome awaits you at Chellaston Dental Practice where our philosophy is quality dental care in a relaxed and friendly environment.

There are three dentists at our practice. Gavin the owner works full-time and Anne and Sunny work part-time.

We are a family Dental Practice and welcome everyone from the very young to senior citizens. The aim of our practice team is to help you maintain good dental health to ensure you keep your teeth for life, with few fillings and strong healthy gums. With our preventative approach we can help you achieve this.

As part of our commitment to quality dental care we offer the very best from the field of dentistry with high quality materials backed by the best in technical services.

Cross infection control is of paramount importance and we take all necessary precautions to safeguard both patients and staff against blood-borne infections such as Aids & Hepatitis. We follow recommended guidelines with regard to the sterilisation of instruments and the use of disposable items.

We are very sympathetic to the nervous patient and all of the team offer a gentle and understanding approach. Arrangements can be made for counselling to help you if necessary.

As a private practice we are able to offer a full discussion of your treatment needs in an unhurried way. We will give you a written quotation itemising the treatment that has been discussed.

If any aspect of your dental appearance concerns you, no matter how trivial it may seem, please don't hesitate to discuss it with us.

Our regular patients are offered a recall service. Regular recall appointments allow us to monitor your dental health and identify problems early and treat them simply and effectively.

We offer Denplan care at our practice. Denplan care allows us to offer a complete preventative programme for an affordable monthly fee. This also includes check-ups, fillings, radiographs, gum treatment, root fillings and other routine care. Where a laboratory fee is incurred a charge is made for the technical services involved.

The Denplan package offers other benefits including supplementary insurance to cover dental injury or an emergency and discount for additional family members.

We offer tooth straightening with Invisalign, clear, removable, comfortable braces suitable for most people. We can treat both adults and children with Invisalign to achieve a lovely smile without the need for unsightly metal braces.

*We look forward to being of service working  
with you to maintain your dental health,  
now and in the future.*
